BUSINESS ENTREPRENEURSHIP

[Business Law Battle Plan for Entrepreneurs: Protect Your Company from Lawyers, Lawsuits, and Legal Disasters by Marjorie Jobe, J.D.](#)

Frustrated by the injustices she has observed in 21 years as a business attorney, Marjorie Jobe's new book reveals horrifying accounts of business owners who have been side-swiped by unexpected legal disasters and provides real solutions to keep it from happening to you. The "Business Law Battle Plan for Entrepreneurs: Protect Your Company from Lawyers, Lawsuits, and Legal Disasters" is far from another boring legal guide. Jobe reveals insider secrets and cites real-world cases that no other book dares to cover. Readers will be horrified to learn how a pirated trademark cost one vulnerable business millions to repair, the truth about how Martha Stewart was unjustly prosecuted based on loopholes in the legal system, and the frightening power that the federal government has over your freedom. Readers will also learn essential legal protection strategies including how to prevent employee lawsuits, protect your rights if targeted in a federal investigation, limit cyberspace liability, decide when to sue and when to walk away, safeguard your assets with marital property agreements, develop effective business contracts, hire and manage the right lawyer and so much more. Packed with questions for your own lawyer, Chapter resources and real life direction, Jobe's mission with this book is to empower business owners to build their own legal battle plan and insulate themselves from legal risks before disaster strikes.
